Nth Dimensions
Non-Profit Organization

Excerpts:

“One of the most remarkable aspects of Nth Dimensions’ work is its comprehensive approach. The Nth Dimensions’ Summer Internship program (NDSI) provides early exposure through Clinical Correlations and Bioskills Workshops in six medical and allied health specialties: dermatology, orthopaedic surgery, pathology, physical medicine and rehabilitation, physical therapy, and radiology.”

“What truly sets Nth Dimensions apart is their sustained support, spanning the entire professional trajectory of an individual—from medical student to attending physician. This ongoing mentorship and the availability of leadership development and research opportunities underpin their holistic approach to fostering long-term success and inclusivity in the medical field.”
